

# INTERNATIONAL SEMINAR ON DISMANTLING EXPERIENCE IN FRANCE

## Course overview

The aim of this seminar is to give an overview of the French experience on dismantling. The information is based on appropriate presentations made by experts and illustrative visits of sites under dismantling.

## Who is the course for?

International stakeholders working in nuclear sciences and industry and wishing to acquire field knowledges in the French decommissioning of nuclear facilities and the dismantling strategies implemented.

## Entry requirements

General scientific education in the nuclear field.

## Competences covered

- The objective of the seminar is to acquire the knowledge which integrates capitalisation from dismantling experience of several types of nuclear facilities and the associated safety aspects.
- Dismantling projet management: strategies, timing, financing, regulatory, staff.
- Overview of the complexity and the wide variety of nuclear facilities under dismantling.
- Innovation techniques in decontamination and dismantling.

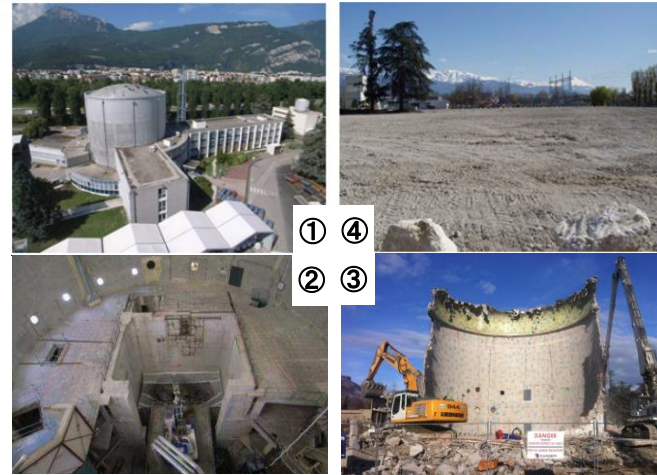

**Duration** 5 days

**Location** CEA Saclay centre (20 km south of Paris) + visit of French facilities under dismantling

**Groups limited to** 20 trainees

**Contact** [nadia.nowacki@cea.fr](mailto:nadia.nowacki@cea.fr) or [frederic.fouquet@cea.fr](mailto:frederic.fouquet@cea.fr)

**Course code** 816

SILOE : a French reactor decommissioned

## Course content

- Overview of dismantling in France: CEA, EDF, ORANO (formerly AREVA), ASN.
- Regulatory and safety aspects.
- Compare several decommissioning scenarri, issues of decommissioning and background.
- Visit of nuclear facilities under dismantling: CHOOZ A, a EDF PWR, INB156 and UP1, CEA nuclear facilities, PHENIX, a fast breeder reactor.

## Why take this course?

Lectures given by directors and professionals experts from CEA, EDF, ORANO, ASN in the field of nuclear dismantling.

Visit of facilities under dismantling.

Premium seminar with social events: diner cruise on the Seine river in Paris and visit of the *Palais des Papes* in Avignon.
